Space Use Guidelines

REMINDERS FROM UNIVERSITY PUBLIC AFFAIRS FOR USING CAMPUS SPACES:

- Incoming students should wait until outgoing students have left the room before entering.
- Students should wipe their seat and writing surface upon entering the class with wipes provided.
- Classroom furniture should not be moved.
- Fill the seats in a manner that involves the least congestion. For example, fill seats farthest from the door first.
- A specially trained employee called a Wellness Support Associate (WSA) will be placed inside one or two entrances to many facilities where in-person classes are being held. In those facilities, all other doors and entrances will be locked. In TBH, the Wellness Support Associate will be at the ADA accessible north door.
- If you plan to leave materials in studio, they must be in a plastic bin with a lid and marked with your name. If any materials are left out on the tables, building maintenance will be unable to enter the classroom.
- You must leave the classroom by 10PM each night; building maintenance will enter between 11PM and 7AM in order to clean for the next day.
